COVID-19 – ENVIRONMENTAL CLEANING AND DISINFECTING LOG SHEET FOR MIGRANT WORKER ACCOMODATIONS

Important! The virus that causes COVID-19 can survive in the environment for up to several days and is commonly found on surfaces that are touched often through the day. Frequent cleaning and disinfecting will kill the virus and stop its spread to others.

Daily Cleaning Log Sheet	WEEK OF: _____													
	Monday		Tuesday		Wednesday		Thursday		Friday		Saturday		Sunday
