

**Huron Perth Public Health**  
**COVID-19 Vaccination Coverage**  
 Updated on January 10, 2022 using data from January 9, 2022

**Number of Vaccine Doses given in Huron Perth to Huron-Perth Residents and Non Huron-Perth Residents**

268,097

Total doses includes first, second, and third doses administered by Huron Perth Public Health, Primary Care, and Pharmacies in Huron and Perth Counties. This includes non Huron-Perth residents.

**Number of Huron-Perth Residents Vaccinated by Gender and Dose**

	At least one dose	Fully vaccinated	Fully vaccinated and third dose
Female	59,157	55,819	29,421
Male	56,401	52,771	23,809
Non-binary, Third gender, or Other	121	115	43
Unknown	77	71	22

**Description**

**At least one dose:**

The number of individuals who have received at least one COVID-19 vaccine dose.

**Fully vaccinated:**

Includes individuals who have received:

- one dose of a single-dose vaccine series (e.g., Janssen), where the vaccine is Health Canada approved
- both doses of a two-dose vaccine series, where the vaccines are Health Canada approved. This includes individuals who received two doses of the same vaccine, or individuals who had mixed doses (for example, one AstraZeneca and one Pfizer)
- three doses of any vaccine product, whether the vaccine(s) are Health Canada approved or not

**Fully vaccinated and third dose:**

Individuals who are fully vaccinated and received a Health Canada approved vaccine as third dose

Please note that provincial reassignment of postal codes on county borders may result in an adjustment of vaccination coverage rates.
